

AMERICAN FILTRATION & SEPARATIONS SOCIETY

MAY 1-3 • GALT HOUSE HOTEL • LOUISVILLE, KENTUCKY

Mr. Scott Yaeger

Instructor:

Scott P. Yaeger has over 30 years of experience in the development, manufacturing, sales, marketing, application, and management of membrane companies including Sartorius, Cuno, Gelman Sciences, Parker Hannifin Corp, and PTI Advanced Filtration. In addition to his experience in membrane manufacturing companies, mr. Yaeger has spent a significant part of his career working with membrane users in all applicable markets worldwide. For the last five+ years, mr. Yaeger has been the President of Filtration & separation Technology (FAST), LLC, an independent consulting company assisting filter media manufacturers, filtration companies and users. He has instructed Microfiltration and Ultrafiltration Membranes for the last 6 years for AFS and AIChE. This course is very interactive and has been highly rated by course participants.
